

## 2021-22 Clearfield Canola Production Contracts

### Available varieties include:

Clearfield Canola - PV200 CL, P502 CL, P508 CL, P607 CL, 46H75, 45H76, CS2500 CL, CS2200 CL, 5545 CL, 5535 CL, BY 5105CL, BY 5125CL, X121 CL

### Program Key Features:

- Free On-Farm pickup (OFP) (quantities of 35mt during road ban season and 42mt during non-road ban season) odd sized lots are primary delivery
- Must sign production contract in order to be eligible for premium
- Five (5) delivery windows to choose from. Delivery is secured by a Grain Purchase Agreement (GPA). Windows are subject to close without notice
- GPA must be created by the deadline for all available windows
- Viterra may determine acceptance and the delivery period for anything above 40 bu/acre
- Producers who sign a Basis GPA will be eligible for the first 30 bu/ac “Act of God” on their first contract tonnage. The Act of God applies only to the Basis portion of the contract and will be based off of the actual reconciled seeded acres reported by June 30, 2021
- AOG ends as Harvest reconciliation is completed, by Oct 15<sup>th</sup>
- In the event a producer does not meet his contractual obligation of the qualifying crop, the buyback is based on the Clearfield canola replacement value
- A GPA must be entered to initiate OFP process
