

2021-22 Clearfield Nexera Production Contracts

Available varieties include:

Clearfield Nexera - 2026CL, 2028CL, 2030CL

Program Key Features:

- Free On-Farm pickup (OFP) (quantities of 35mt during road ban season and 42mt during non-road ban season) Not accepting odd lots as primary deliveries
- Must sign production contract in order to be eligible for premiums
- Five (5) delivery windows to choose from. Delivery is secured by a Grain Purchase Agreement. (GPA). Windows are subject to close without notice
- GPA must be created by the deadline for all available windows
- Full production will be accepted
- Producers who sign a Basis GPA will be eligible for the first 30 bu/ac “Act of God” on their first contract tonnage. The Act of God applies only to the Basis portion of the contract and will be based off of the actual reconciled seeded acres reported by June 30, 2021
- In the event a producer does not meet his contractual obligation of the qualifying crop, the buyback is based on the Nexera Clearfield canola replacement value
- AOG ends as Harvest reconciliation is completed, by Oct 15th
- A GPA must be entered to initiate OFP process
